TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Deerfield, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

[L. s.]

You are hereby notified to meet at Town Hall in said Deerfield on Tuesday, the tenth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will raise and appropriate the sum of \$1,000.00 for construction of the Class 2 road known as the South Deerfield Road, the State to contribute \$3,000.00.
4. To see if the Town will raise and appropriate the sum of \$807.25 for Class 5 highways, the State to contribute \$3,229.00.
5. To see if the Town will vote to instruct the Selectmen to hire money in anticipation of taxes.
6. To see if the Town will raise and appropriate a sum of money to buy snow fence.
7. To see if the Town will vote to rescind the vote taken last Town Meeting adopting the Municipal Budget Act.

8. To see if the Town will vote to give a discount on taxes paid before certain dates and fix said dates and discounts.

9. To see if the Town will authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds.

Given under our hands and seal, this 22nd day of February.
in the year of our Lord nineteen hundred and thirty-six.

WALTER B. SCOTT,
HOWARD P. KING,
CARL M. FOGG,
Selectmen of Deerfield

A true copy of Warrant—Attest:

- 1 pupil operated on for removal of tonsils and adenoids.
- 4 pupils had eyes examined and fitted to glasses.

MARGARET E. CRONIN, R.N.,
School Nurse

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Deerfield:

My seventh annual report deals chiefly with enrollment and attendance, increasing the per cent of promotions, relative costs of school maintenance, improved facilities, and recommendations.

Both the total number of pupils enrolled and the average membership increased ten per cent during the past year. At present approximately one hundred children are enrolled. The Parade Primary School has the largest membership.

The only teacher change occurred in the Parade School, where Mrs. Dorothy Stone Allen of Hooksett has served since September as substitute for Mrs. Nancy T. Stevens. Mrs. Allen graduated from Keene Normal School in 1926. Following her graduation she taught for eight years in the Martin's Primary School in Hooksett.

The Pond and West Schools continued their custom of leading in the percentage of attendance.

The poor attendance record in the Center Grammar Schools accounts in part for the very low percentage of promotions. In all schools four methods of procedure are being followed to increase the number of children promoted: (1) Trial promotions are being extended for at least half a year; (2) a complete record of achievement tests is kept and studied for every pupil in the four higher grades; (3) the majority of the teachers are making annually at least one visit to every home represented by the pupils in their room; (4) before a pupil is returned to a lower grade the case is reported to the superintendent and investigated by him.

For the school year ending June, 1935, the average cost per pupil in the schools of Deerfield was exactly the same as the median cost per pupil in the State, \$76.93, which was an increase for Deerfield of seventeen cents over the per pupil cost of the preceding year.

The State aid allotment of \$2471.81 received in 1935 was \$1,145.54 larger than that of the previous year.

This year the legal liability for tuition in high school advanced from \$73.81 to \$75.19 per pupil. Twenty-six pupils from Deerfield were attending high schools or academies last September. Eight of these have since left school or have changed their residence.

The year has been marked by very definite improvements in schoolroom facilities. Chief among these is the installation of electric lights in all school buildings except West Deerfield. The drop lights with diffusion shades reduce glare in the classrooms to a minimum and add greatly to the comfort and efficiency of the children on the darkest days. Since the introduction of electricity, we are assured that additional State aid will be allotted toward the maintenance of these facilities. This allotment may also be increased if running water is brought into the schoolhouse.

The windows at the Pond School have been equipped with new, adjustable shades of tan colored duck. A white enameled iron sink makes more convenient and effective the lavatory facilities.

A valuable addition to the reference library of the Center School is a complete set of Compton's Encyclopedia. This is thoroughly up-to-date, attractively illustrated, and written in language that appeals to the children of the Fifth Grade and above. It is particularly adapted to the assistance of both teacher and pupils, since it enriches the sources of literature, general science, social science and art.

A similar set is needed at the Pond School.

There is urgent need for a new chimney at the Center School. The present one is of the attic type and so saturated

with creosote that it is destructive to school materials, annoying to those required to sit in the room, and distinctly a fire hazard. A special appropriation is recommended for the erection of a new chimney.

Through the ignorance or carelessness of certain individuals the open well, now supplying water for the Pond School, has become on several occasions a source of much annoyance if not an actual menace to the health of the children. Following the recent analysis of the water, the State Laboratory advised that, after thorough cleaning, the well be equipped with a cement cover and pump.

Drilled wells, equipped with electric pump, are becoming popular as a source of water supply for rural schools in this State.

While considering the health of your school children, I wish to call attention to the effective service rendered by your School Nurse. Her printed report shows a distinct reduction in the number of defects remaining uncorrected. Communicable diseases were kept at a minimum. In a case, more recent than her statistical report, the services of the nurse were effective in saving a school child from what would have been a permanent and serious injury. The State School Supervisor of Health has recognized the efficiency of Miss Cronin's work by securing for Deerfield an added allotment of State aid to be applied to health supervision.

In conclusion, I wish you to know the willingness with which your teachers have contributed time and effort, made necessary by the testing program, home visits and other special activities.

It has been a pleasure to share with the members of your Board in the administrative activities of the past year.

Respectfully,

GEORGE H. HARMON,
Superintendent
